Awards: Dean's List, Lincoln Technical Institute (2022, 2023); Chris Colasanti Award for Leadership and Bravery

PROFESSIONAL EXPERIENCE

Bogota Board of Education

Technology Support Specialist

Bogota, NJ

Jun. 2025 – Present

- **Improved district endpoint readiness** across Windows 10/11, ChromeOS, macOS, and classroom technology as measured by support coverage for teachers, staff, and students, by configuring laptops/desktops, Chromebooks, iMacs, printers/copiers, 3D printers, Newline boards, and SMART boards.
- **Supported state-testing continuity for 1,000+ students** by maintaining device, Wi-Fi, and application availability across district workflows using **Google Admin**, **Cisco Meraki**, **RealTime**, **GoGuardian**, **Apptegy Thrillshare**, and **Clever**.
- **Strengthened identity and access operations** by executing onboarding/offboarding, **Active Directory** account administration, and **Group Policy Object** creation to align user access with school-district role requirements.
- **Reduced infrastructure monitoring blind spots** for server environments by deploying and managing **Room Alert** sensors to track weather and humidity conditions affecting district systems.

Essex County College

Student Systems Support Center & Computer Lab Aide

Newark, NJ

Sep. 2024 – Jun. 2025

- **Deployed and configured 500 Dell lab computers** across multiple campus computer labs as measured by QA-ready workstation delivery, by applying BitLocker, SmartShield, printer mapping, domain joins, BIOS changes, Microsoft 365, and licensed software installs.
- **Improved account-access recovery** across Newark and West Essex campuses by creating and managing QuickLaunch accounts, resetting locked or expired passwords, and restoring access to Microsoft Outlook, Microsoft 365, Moodle, e-textbooks, Zoom, and Teams.
- **Standardized lab recovery workflows** by helping maintain a **golden image** for system imaging and backup deployment while validating SmartShield server authentication and domain-based access controls.
- **Reduced classroom technology disruption** by resolving projector, printer, Windows 10/11, hardware, and network-connectivity issues through in-person, phone, and email support for students and staff.

South Orange Maplewood School District

A/V Technician Intern

Maplewood, NJ

Mar. 2024 – Aug. 2024

- **Supported district event operations** for board meetings, assemblies, and 2024 middle/high school graduations by setting up speakers, live-streaming equipment, cabling, A/V systems, and classroom computers.
- **Accelerated technician support workflows** by repairing ChromeOS and Windows 10/11 devices, assisting with **KACE Quest** Windows imaging, triaging SchoolDude tickets, and routing escalations to senior IT personnel.

MainGear

PC Technician

Warren, NJ

Jan. 2023 – Jul. 2023

- **Built 500+ high-performance computers** as measured by completed custom PC assemblies, by installing current-generation hardware, validating hardware/software functionality, and applying cable-management standards for maintainability.
- **Improved cross-department repair throughput** by troubleshooting hardware and software issues while coordinating with production, quality, and support teams to complete build and repair tasks.

TECHNICAL SKILLS

Endpoint & Systems: Windows 10/11, Windows Server 2019, macOS, ChromeOS, Linux, iOS/Android, Microsoft 365, BitLocker, SmartShield, BIOS/UEFI Configuration

Identity & Administration: Active Directory, Group Policy Objects, Google Admin, QuickLaunch, Clever, GoGuardian, User Onboarding/Offboarding, Password Resets
